CANADIAN ASSOCIATION FOR LABORATORY ANIMAL MEDICINE

L'ASSOCIATION CANADIENNE DE LA MÉDECINE DES ANIMAUX DE LABORATOIRE

What is CALAM/ACMAL?

The Canadian Association for Laboratory Animal Medicine (CALAM/ACMAL) was founded in 1982 and is a not-for-profit organization composed of laboratory animal veterinarians working in research, teaching, government, and industry in Canada. The association's mission is to advise interested parties in Canada on all matters pertaining to laboratory animal medicine; to further the education of its members; and to promote ethics and professionalism in the field. The association is committed to the provision of appropriate veterinary care for all animals used in research, teaching or testing.

As part of its mission to provide quality continuing education in laboratory animal medicine, CALAM/ACMAL sponsors scientific presentations at the Canadian Association for Laboratory Animal Science (CALAS) national symposium, organizes workshops on various topics related to laboratory animal science held as either standalone events or in conjunction with the CALAS symposium, and holds an annual luncheon for its members with a sponsored general interest speaker. CALAM/ACMAL also provides an annual scholarship to a veterinary student from one of the five Canadian veterinary colleges to promote interest in the field of laboratory animal science, provides financial support for activities associated with laboratory animal medicine clubs at veterinary schools, and offers an annual scholarship to a Canadian veterinary student to attend the national CALAS Symposium.

Why Support CALAM/ACMAL?

A CALAM/ACMAL sponsorship constitutes a unique opportunity for your organization to specifically reach key-decision makers in the laboratory animal field across Canada. We are seeking generous sponsors to support us in our mission. You may elect to sponsor general or specific activities and projects that correspond to your corporate objectives. There are many opportunities to support important continuing education and outreach activities for laboratory animal veterinarians and veterinary students throughout Canada.

Please see the CALAM/ACMAL Sponsorship Levels for a detailed list of the benefits associated with your sponsorship. The CALAM/ACMAL website, www.calam-acmal.org, has been updated with increased functionality. As a result, there is greater visibility of our sponsors on the homepage. Furthermore, we anticipate increased traffic to the site.

Thank you for your attention to this request. The success of our program relies on the generosity of sponsors like you.

Yours truly,

Lise Phaneuf DVM, DVSc, DACLAM

CALAM/ACMAL Director of Sponsorship

Senior Director, Animal Resources & Compliance

The Centre for Phenogenomics

**Your continued support of CALAM/ACMAL
is greatly appreciated!**
