

RVT REQUIRED

Phone 604 822 6283
Fax 604 822 3505

Employer: University of British Columbia

Location: Centre for Comparative Medicine

Job Type: Research Assistant / Technician level 4 (Registered Veterinary Technologist)

Job Description

Are you looking for a job where you are challenged to learn new skills? Where you can be part of a team who are supportive and interested in your opinion? We are looking for RVTs to join our busy, 7 Vet, 10 RVT, large animal research facility in beautiful Vancouver, BC. We are a fun team of animal loving people who believe that we can improve the welfare of research animals, while supporting ground-breaking medical research, enhancing the lives of people and animals around the world.

We are proud to offer a state-of-the-art 50,000 square foot facility, with all the technology a tech could want, including: fluoroscopy, PET/CT scanner, 2 ultrasound units, x-ray, 2 handheld blood gas analyzers, multiple Life Window monitors, hydraulic lift tables, surgical microscope, gas sterilization, in-house diagnostic lab run by our awesome diagnostic lab tech, and coming in 2019, an ICU mechanical ventilator and a new wing with a small animal MRI.

As a valued UBC employee, you will have access to all of the amazing benefits the University has to offer. This includes approximately \$1000/year personal CE budget, 12 CE credits/year for UBC courses, paid sick days, monthly pension contributions, benefits including dental, vision, health and life, paid vacation, paid RVT dues, and lots of opportunity for career advancement!

About the work: Our technicians have the opportunity to use all of their technical skills, as well as learn many new techniques such as invasive vascular access or surgical techniques. Working at CCM involves all aspects of animal nursing, including surgical inductions, anesthetic monitoring, and perioperative care. Our technicians are challenged to learn new techniques and to work with a variety of species, from rodents and rabbits to pigs and sheep. Our staff have unparalleled access to resources to make sure they are able to be the best tech they can be while remaining safe and healthy.

Apply for the Full-Time RVT T4 position (1 opening): http://www.hr.ubc.ca/jobs/staff.php?job_id=32287

Prerequisites/Education

AHT / RVT or equivalent. New grads welcome. Preferred experience in large animal research or RLAT, but not required. Full time position requires excellent communication and organizational skills as this is a project lead role. See full job descriptions for more details.
